HEALTHCLUBS/SPAS

HEALTHCARE

Two Simple Steps

- 1 Add water to appropriate fill line.

- 2 Dispense chemical concentrate into quart bottle.

You supply the water,
we'll supply the product!

C-STORE/GROCERY

RESTAURANTS

- **SAFETY** - DOSE capsules are factory sealed and product is only dispensed when properly installed in the DOSE Activator.
- **CONVENIENCE** - No water hook up is required for this system to operate
- **COSTS** - DOSE Systems significantly reduce equipment costs and service calls.
- **SIMPLICITY** - Training employees how to operate the DOSE System is quick and easy.
- **ACCURACY** - Since the DOSE System does not rely on water pressure and metering tips, product is accurately dispensed EVERY time.
- **RELIABILITY** - With only one moving part, there is no maintenance or calibration ever required on a DOSE System, eliminating service calls.
- **CONSISTENCY** - Because of the accuracy and reliability, you can be assured that cleaning solutions will always be properly mixed.
- **SUSTAINABILITY** - DOSE's concentrated products reduce the impacts of transportation. The inverted installation of the DOSE capsule ensures that all product is used for the proper cleaning application. Product capsules are recyclable.
- **VERSATILITY** - If desired, DOSE Systems can be easily set up for continuous flow tasks like mop bucket, auto scrubber, and sink filling applications.

simplyDOSE

“DOSE is engineered to be simple, accurate and cost competitive. DOSE’s unique design offsets the shortcomings of the two dominant applications of the housekeeping chemical market — the high use-cost of RTU products and the high set up and maintenance costs of water proportioning devices.”

Purpose

Why we make the decisions we make - the reason we are in this business.

- *To Be The Best Choice For Our Customers In Every Market Segment We Enter*

Core values

Every decision we make is measured against these values - these define our character.

- *Integrity*
- *Uncompromising Quality*
- *Sustainability*

Brand Promise

What our brand means to our customers - what do they think when they think **DOSE by SURFLEX®**?

- *Simplicity*
